User height	Gas spring	Seat height
<165 cm	Standard	54-68 cm
165-180 cm	High	60-79 cm
> 180 cm	Extra High	67-93 cm

Key Features

Mechanism

1 lever mechanism for height adjustment. Rubber cushion for free float in all directions.

Seat and back

Made of polyurethane

Padding

Seat and back are upholstered with flexible polyurethane foam, recyclable when using a certain process.

Upholstery

Our standard artificial leather contains 100% polyurethane with cotton and polyester backing. It is PVC and Phthalate free. It is also OEKO-TEX certified, which means that the upholstery is easy to clean, and resistant to disinfectants and common cleaning product.

Gas spring

Columns are available in three sizes. The spring is made of polished steel in Germany using nitrogen, a sustainable gas existing in 78% of normal air. Gas springs are maintenance-free and recyclable.

Base

Polished recyclable aluminium.

Castors

Cores are made from polyamide 6 and tread is made of recyclable polyurethane.
