160-175 cm	4C	60-79 cm (Standard)	65-79 cm
> 175 cm	4A	66-92 cm	66-92 cm

## Key Features

### Mechanism

Patented free-float feature is lockable in the basic position with adjustable height and up to 15° lateral movement.

### Seat

The seat frame is made of vacuum formed recycled polypropylene (PP) and polyethylene (PE)

### Padding

The saddle is upholstered with flexible polyurethane foam, recyclable when using a certain process.

### Upholstery

Our standard vinyl contains 100% polyurethane with cotton and polyester backing. It is PVC and Phthalate free. It is also Oeko-tex certified.

Grain leather from Scandinavian cattle is used and the leather is produced by the highest environmental standards in state of the art facilities in Sweden.

Our standard fabrics are Oeko-Tex 100 certified

### Gas spring

Columns are available in three sizes. The spring is made of polished steel in Germany using nitrogen, a sustainable gas existing in 78% of normal air. Gas springs are maintenance-free and recyclable.

### Base

Polished recyclable aluminium. (Note: larger castor base is required when using SWING support arm).

### Castors

Cores are made from polyamide 6 and tread is made of recyclable polyurethane.
