

Lite Advanced Mini

The Lite Advanced has the same narrow comfortable seat as the Lite but features specially developed indentations to provide additional comfort for men. This active way of sitting enhances the circulation. The saddle stool makes it possible to easily move around your workplace.

Seat height	Seat Height with SWING
48–62 cm	53–62 cm
56–75 cm (Standard)	61–75 cm
62–88 cm	67–88 cm

Key Features

Mechanism

Four lever spring adjusted mechanism allows for adjustable height and up to 15° lateral movement.

Seat and back

The seat frame is made of vacuum formed recycled polypropylene (PP) and polyethylene (PE). The backrest frame is made of wood.

Padding

The saddle is upholstered with flexible polyurethane foam, recyclable when using a certain process.

Upholstery

Our standard vinyl contains 100% polyurethane with cotton and polyester backing. It is PVC and Phthalate free. It is also Oeko-tex certified.

Grain leather from Scandinavian cattle is used and the leather is produced by the highest environmental standards in state of the art facilities in Sweden.

Our standard fabrics are Oeko-Tex 100 certified.

Gas spring

Columns are available in three sizes. The spring is made of polished steel in Germany using nitrogen, a sustainable gas existing in 78% of normal air. Gas springs are maintenance-free and recyclable.

Base

Polished recyclable aluminium. (Note: larger castor base is required when using SWING support arm).

Castors

Cores are made from polyamide 6 and tread is made of recyclable polyurethane.
