160-175 cm	4C	61-80 cm (Standard)	66-78 cm
>175 cm	4A	67-93 cm	72-93 cm

Key Features

Mechanism

One lever for height adjustment. Rubber cushion for full 360 degree movement.

Seat

Seat is made of Polyuretan (PU).

Padding

The saddle is upholstered with flexible polyurethane foam, recyclable when using a certain process.

Upholstery

Our standard vinyl contains 100% polyurethane with cotton and polyester backing. It is PVC and Phthalate free. It is also Oeko-tex certified. Grain leather from Scandinavian cattle is used and the leather is produced by the highest environmental standards in state of the art facilities in Sweden. Our standard fabrics are Oeko-TEX100 certified

Gas column

Columns are available in three sizes. The spring is made of polished steel in Germany using nitrogen, a sustainable gas existing in 78% of normal air. Gas springs are maintenance-free and recyclable.

Base

Polished recyclable aluminium. (Note: larger castor base is required when using SWING support arm).

Castors

Cores are made from polyamide 6 and tread is made of recyclable polyurethane.
